Appointments are available morning and afternoon, Monday to Friday with doctors, clinical pharmacists, nurses and healthcare assistants. Patients may also request to speak to a doctor or nurse on the telephone or may submit an online consultation via our practice website.

Based on your triage, you may be directed to the most appropriate healthcare professional. This helps reduce delays and ensures faster, more effective patient care.

### Chaperone:

A chaperone is an impartial observer present during an intimate examination of a patient.

If you would like a chaperone at your appointment, please let staff know when you book your appointment.

For appointments involving intimate examinations the clinician will offer you the choice of having a chaperone present.

### Cancelling an appointment:

If you cannot attend your appointment, it is very important that you notify us with as much notice as possible so that we can offer your appointment to someone else.

If we hold a mobile telephone number on record for you, you will receive appointment reminders via SMS text for your upcoming appointment. Patients can also cancel their appointment by replying to the SMS text reminder.

To **cancel an appointment**, patients can **attend the surgery** in person or phone during normal opening hours on **0151 230 5553**.

## Services

### Home visits:

Patients are generally seen at the surgery, when necessary, patients may be seen at home, if the doctor considers a home visit necessary because of the patient's medical conditions. Patients are advised to request a home visit as soon as possible. Requests for home visits will be triaged by a GP; some home visits will be carried out by the Acute Visiting Service.

We believe that with clear and open communication, most issues can be resolved easily and promptly—often at the time they arise. If you have a concern, please feel free to request to speak with one of our managers.

Depending on the nature of your concern, it will be directed to the appropriate manager who can best assist you.

Your feedback is important to us, and we are committed to ensuring your experience is a positive one.
